

Hopkinsville Kentuckian.

CHAS. M. MEACHAM, Editor.
FRIDAY, SEPTEMBER 6, 1889.

HOPKINSVILLE, KENTUCKY.

A live and growing city of 8,000 inhabitants, situated in a county of 10,000. The Louisville and Nashville has two lines of railroad in the county. The largest tobacco growing county in the world. Wheat, corn, hay, coal, live stock and fruits produced for export in large quantities. The city has four banks with an aggregate capital of \$449,000. A planing mill and wagon factory, three carriage factories, line factory, tobacco manufacturing, two foundries, three brickyards, brown factory, steam laundry, ice factory, two large flouring mills in the city and several in the county. Splendid driving park and fine opera house. Five turnpike centers in Hopkinsville. Building and Loan Association, Commercial Club, a telephone exchange, numbered streets and houses and city lighted by gas. Macadamized streets and brick sidewalks all over the city. Eleven churches, two colleges a high school and the finest system of public schools, white and colored, in the State. Western Kentucky Lumber Agency with a population of 50, two miles east of the city. A \$100,000 court house with town clock in the dome. A fine fire department and a company of State Guards. Little River with a fine supply of water for all purposes. Real estate low and rents cheap. Fine opening for woolen mill, pork packing establishment, fruit canners, tannery and many other enterprises. Climate mild and invigorating and exceedingly healthful.

The West Virginia count is nearing an end, with Fleming, Dem., 198 votes ahead for Governor.

Emmons Blaine and Miss McCormick will be married at Richfield Springs, N. Y., on the 26th inst.

Proctor Knott, the great race horse, was sold at auction Monday to Scrogg Bros. for \$17,100. He was owned by Sam Bryant.

A genuine case of Asiatic cholera is reported from Little Sandusky, Ohio, 15 miles from Pittsburg, and a panic has ensued.

Only 25 members of the last Legislature were re-elected this year. Of these 24 are in the House and 4 in the Senate. This does not of course include the hold-over Senators.

Mr. C. M. Grubbs has resigned the position of Chairman of the Executive Committee of the K. P. A. and Judge W. M. Beckner, also of Winchester, has been appointed in his stead.

Devin Ragland, son of Mr. W. S. Ragland, one of the best known and most popular young men in Bowling Green, shocked that city Monday by putting a bullet in his brain, without leaving any word of explanation.

The State Line Railroad proposition was given a majority of 383 in the election in the Henderson district last Monday. Several other districts in the county also voted to aid the new road, which is to run south by way of Bowling Green.

The count of the constitutional convention vote is progressing slowly. In 48 counties, from Adair to Harlan, alphabetically, the vote for the call is 66,185 and against 50,047. Majority in favor of the call 19,138. Registered voters 119,232, of which the convention received 9,509 more than half. The last figures represent the real majority under the law.

The public debt was increased \$6,072,692, during the month of August and the cash in the Treasury is now \$43,489,000, a decrease of \$22,307,180 in thirty days. Under the Democratic administration the public debt was decreased at the rate of about \$10,000,000 a month. The great increase in the debt shown above is due largely to the fraudulent pension raids. The expenses of Tanner's department for the month show an increase of \$40,000,000 over August 1888. The Looter is getting in his work and nearly one-third of the surplus has disappeared in four months.

Berry Binford Dead.
MEMPHIS, Sept. 3.—Berry H. Binford, who was the youngest soldier in the Confederate army, died yesterday while on a business trip to Memphis. He was the son of Mr. Binford, La. His father, Dr. Binford, was a surgeon in the Confederate army. The boy, when about 9 years old, struck out to find his father, and reported to Gen. Wheeler, who took him for a Federal spy sent in by some of the Union people. The General kept an eye on the little chap, and finally turned him over to Col. Josiah Patterson, who knew Dr. Binford, and at once assumed the care of the boy. As he would not go back home, a pony was secured for him, a gun was sawed off the length and he was recognized from that time on to the end of the war as a soldier. It is stated that young Binford and another boy, not much older, undertook to do a little special service once. They went out between the lines, somewhere up in North Alabama, threw up some small breastworks and awaited the advance of the Federals on the opposite side of a small river. The column came in sight and the boys opened fire as if backed by an army, which the Federals naturally supposed to be a force. The boys held the fort a whole day and when night came they were scattered off and rejoined their command several miles away. Binford was the famous suspicious case that caused a panic in this city last summer, and subjected several distinguished physicians to a perfect avalanche of chaff when it turned out to be a case of alcoholism instead of yellow fever.

Syrup of Figs.
Produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently on the kidneys, liver and bowels, effectively causing the system, dispelling colds and headaches, and curing habitual constipation.

WATERMELONS.

A Guess at the Lumber Eaton in Hopkinsville.

Few people are aware of the magnitude of the watermelon trade in Hopkinsville. In the early part of the season large shipments of Southern melons are received, but it is not until the home melons are ripe that the actual consumption begins. The crop is usually ready for the market by the first of August, but this year the melons were about two weeks late in ripening. The season is now at its height and will after this week begin to wane. Melons of the finest quality weighing from 25 to 40 pounds can now be bought from wagons on the streets for 25 cents, and 10 cents will buy one large enough for two men to eat and have all they want.

It is a difficult matter to estimate how many melons are sold here in a season. As yet there have been no attempts made to raise them for other markets and the entire crop is consumed at home. A few years ago there were only one or two growers who made a business of raising watermelons for this market. Now there are perhaps a score of them. Among the more prominent and successful ones are Fountain Cox, C. T. Yancey, James G. Yancey, W. L. Parker, Dave Halston, Jas. B. Ferguson and J. F. Meacham. All of these have raised fine crops this season and have brought in load after load of as fine melons as were ever grown in the county. Mr. Jas. Yancey claims the blue ribbon for size, having raised several that weighed more than 50 and one that reached 58 pounds. Will Parker raised one 53 pounds and others almost as large. Dave Halston has perhaps brought more loads to market than any one of the others. Besides these there are many other raisers who have helped supply the demand and it is not an overstatement to say that 200 wagon loads of melons have been sold in Hopkinsville within the last five weeks.

These will probably average 50 melons that will sell at 25 cents each, which would make a total of \$2,500 or \$500 a week paid for them. This money is divided between the producer and the retailer, but most of it goes to the producer. The figures show watermelon raising to be very profitable. The largest raisers cultivate only a few acres and with anything like a good yield they can clear from \$100 to \$200 per acre.

Sea Shore Excursion.

Mr. W. A. Wilgus spent several days this week among his old friends in this city, after concluding one of the largest and most happily managed, one of the most satisfactory, and the best satisfied railway excursions which ever journeyed from Western Kentucky and Middle Tennessee to the Atlantic sea-board, via the Chesapeake and Ohio railroad, under whose auspices the excursion was instituted. About two hundred and seventy-five citizens of Western Kentucky took part in the excursion, and the party, which represented the best elements of our population. It was a party whose intelligence, courtesy and good humor invested it with an atmosphere of perpetual sunshine. Arriving at Old Point Comfort the party dispersed according to individual choice, in excursions to Washington, New York, Baltimore, and many other points of interest, one of the most attractive and novel being the sea-voyage from Norfolk to New York, a distance of 300 miles, sailing in sight of Cape May, Long Branch, Atlantic City, Ocean Grove and other popular resorts on the coast. The addition of this delightful voyage, led nothing to be desired for making a perfect excursion.

If the conductor of this excursion was fortunate in the character of his tourists, the latter had equal reason to be pleased with Mr. Wilgus who was uniting in his labors in behalf of the passengers. His vigilance never slept. His industry was tireless in promoting the pleasure of all who were in his charge. He acquitted himself in every duty to the highest satisfaction of the whole party, who will ever cherish a lively remembrance of his urbanity and friendly attentions during their summer jaunt.

TRIGG COUNTY.

WALLONIA, KY., Sept. 3.—The recent rains have revived the fields very much. Tobacco looks a great deal better than it did a week ago. Corn is very nearly matured, and some people say corn will sell for one dollar per barrel.

Wheat sowing has begun. A large acreage will be sown. The association of colored Baptists was held at Rocky Ridge, two miles from town, last Friday, Saturday and Sunday. There were large crowds in attendance every day. The association meets next year in Earlinton.

PERSONALS.

Judge Kelly, of Cadiz, was in town this week visiting Mrs. Geo. Boyd, nee Miss Lella Kelly. Eld. D. S. Campbell held a quarterly meeting at Zion on the 24th and 25th of last month. Mr. Harry Wilkerson, a popular insurance agent of Cadiz, was in town last Thursday and Friday on business. He has many friends here. Mr. Vanand, of Rialdo, Ky., was in town last Saturday visiting friends and relatives. Mr. Homer Blaine, of Montgomery, was in town last Saturday. Messrs. W. C. Bingham and Geo. Boyd, of this place, paid Hopkinsville

a flying visit last Monday. Mrs. Fannie Baker and family are visiting Mrs. Luther Haydon, of Paducah.

Miss Willie Caldwell is visiting relatives in Paducah. Miss Mollie Boyd is spending the summer in Canton with her many friends there.

Misses Howell and Della Wilson and Jennie Bingham leave this week for Dawson Springs, where they hope to recuperate rapidly. Miss Sammie E. Wall, an accomplished young lady of Cobb, Ky., and a graduate of South Kentucky College, has accepted a position in Wallonia Institute as music teacher and assistant.

The Institute opened on the 26th ult. under the most auspicious circumstances.

Miss Lucy Wilson has returned to St. Vincent's Academy at Uniontown.

Miss Rita Burba, of this vicinity, has been visiting in town for the last two weeks. She returned home last Sunday, much to the regret of our young men.

TOBACCO NEWS.

LOUISVILLE TOBACCO MARKET.
Furnished by GLOVES & DERRICK.
Sales on our market for the week just closed amount to 3,386 hhds, with receipts for the same period of 4,047 hhds. Sales on our market since January 1st amount to 90,555 hhds; sales of the crop of 1888 on our market to date amount to 65,161 hhds. We are again called on to report a week of very heavy receipts and sales. Under this heavy pressure prices for medium dark leaf and common lugs are easier, while extra leaf and lugs of extra length were fairly firm. The following quotations fairly represent our market for dark tobacco both old and new:
Trash, \$1.00 to 1.75.
Common to medium lugs, \$2.00 to 3.00.
Dark lugs, extra quality, \$3.00 to 4.50.
Common leaf, \$4.00 to 5.00.
Medium to good leaf, \$5.00 to 6.00.
Good leaf extra length, \$5.50 to 7.50.
High wrapper tobacco, \$7.50 to 12.75.

What Your Wife Wants After the honeymoon.

"Alfred."
"What is it, dearest?"
"You'll take me to the seaside this summer, won't you?"
"Now, you know, darling, that I can't get away; but if you don't mind going by yourself—"
"Oh, Alfred, how nice you are? That was ever so much better than I could have hoped."—Judge.

Her Execution.

"Well," said Uncle Hiram, who used to belong to a singing club in his early days. "I never heard a woman play like that woman we heard in Boston that night. It was just awful. My ears ache even now." "Yes," replied his nephew, "she was rather loud, that's a fact. But then her execution—"
"George!" exclaimed the old gentleman, as he seized his nephew by the arm, "you don't mean to say that they went so far as that? Well, I ain't

for me to judge them. I only heard her once. It seem terrible—a woman, too! but then they had to listen to her every night. And they won't have to hear her again. Perhaps it is all for the best, George."—Boston Transcript.

USEFUL AND SUGGESTIVE.

—Honey and flour made into a salve is an excellent remedy for boils.
—Olive oil saturated with camphor makes an excellent application for inflammation swellings, also for rubbing rheumatic joints.
—The cheapest way to purchase soap is to buy a box full at once. Put it where it will dry thoroughly, and it will last nearly twice as long as soap used while it is green.
—For a felon make a strong syrup of Indian turpentine and tobacco; and a poultice of turpentine, and make into a poultice with bread or bran. Bind on the felon and you will have relief at once and a cure very soon.
—The first great thing in the treatment of consumption is air. The patient should be as much as possible out of doors and exposed to the sunlight. Next to air comes nourishing food, the patient needing plenty.
—Meat Balls.—Take scraps of meat (uncooked pieces being better than cooked), together with a small bit of sweet salt pork, and chop them very fine; also a small onion, if liked, and add to two cups of meat one of fine bread crumbs, salt and pepper to taste, a little minced parsley if you have it, and an egg to bind all together. Drop into very hot lard, and serve on a bed of fresh, crisp water-cress.—Country Gentleman.

—A great convenience for a veranda in summer will be found in a round box with a cover. This box can be elaborately decorated. Have the cover stuffed so that the box will answer a double purpose, that of ottoman on occasion, and a receptacle for one's work, newspapers, books or light wraps, which, if left on a chair or settee, might "be found missing," as the wind has a most surprising way of whisking light articles out of sight.
—Strawberry vinegar is a safe and cooling drink, especially for feverish children. Let a gallon of berries stand forty-eight hours in one quart of cider vinegar. Then mash and strain, adding one pound of loaf sugar to every pint of liquid. Put over the fire, do not allow it to boil, only to simmer for half an hour; strain it well, and when cold bottle and cork it tightly. The united acids in this beverage are said to be a powerful regulator of chronic liver troubles.—N. Y. Independent.

Common Sense

In the treatment of slight ailments would save a vast amount of sickness and misery. One of Ayer's Pills, taken after dinner, will assist Digestion; taken at night, will relieve Constipation; taken at any time, will correct irregularities of the Stomach and Bowels, stimulate the Liver, and cure Sick Headache. Ayer's Pills, as all know who use them, are a safe, reliable, pleasant to take, and always prompt and satisfactory in their results. I can recommend Ayer's Pills above all others, having long proved their value as for myself and family.—J. T. Hess, Leithville, Pa.
I have been in use in my family upwards of twenty years, and have completely verified all that is claimed for them.—Thomas A. Adams, San Diego, Texas.
"I have used Ayer's Pills in my family for seven or eight years. Whenever I have an attack of headache, to which I am very subject, I take a dose of Ayer's Pills and am always promptly relieved. I find them equally beneficial in colds; and, in my family, they are used for biliousness and other disturbances, with such good effect that we rarely, if ever, have to call a physician."—H. VonHelm, Hotel VonHelm, Saratoga Springs, N. Y.

Miss Alice Crenshaw, of Versailles, returned home Tuesday.
Mrs. M. Frankel and daughters have returned from Cincinnati.
Henry Blumenfeld, Jr., has taken a position with Gray, the baker.
Miss Mary McCulloch left Tuesday morning for Anchorage to attend school.
Lewis Guthrie has taken a position with Alex Gilliland, the Ninth street merchant.
Mr. S. R. Dicken, of P. & Dicken & Wall, is quite sick at his former home at Fairview.
Mr. Harvey Bigham has gone to Louisville to enter Bryant & Stratton's business college.
Archibald Boates has gone to Nashville to enter the dental department of Vanderbilt University.
Mrs. Mary Price, of Texas, who spent the summer with her son, Mr. E. H. Price, returned home Wednesday.
Misses Jessie Roberts, of Russellville, and Christie Pointer, of Owensboro, are visiting at Mrs. Crumbaugh's.
The services of El Mendel, an excellent salesman, have been secured by John Moynihan for the fall trade. That means increased business for the house.
Esquire W. J. Fuqua and son, T. H., of Canton, passed through the city Wednesday en route to Bowling Green, where his son will enter college.
Mr. N. B. Shyer and family have left for Nashville, where they will reside until Hopkinsville has another railroad. Upon this promise, we may expect Mr. Shyer back in a year or two.
Mr. Adolph Meyer, who has been on a visit here for two weeks, will leave for Louisville Sunday, accompanied by Max J. Moynihan, who will spend several months with him and attend a business college.

CREAM OF NEWS.

Almost a Fatal Fall.
John Orr, a carpenter who was at work on the roof of I. F. Ellis' house, fell off Tuesday and was badly hurt. He was engaged in putting on a shingle roof and the scaffolding broke. He fell feet foremost until he reached the scaffold at the edge of the porch, which he struck and was thrown head foremost to the ground, a distance of seventeen feet. His injuries were at first thought to be fatal, but they proved to be less serious than at first supposed. He struck on his head and shoulders, but the ground being soft and muddy no bones were broken. The principal injuries are a sprained back, several bad bruises, internal hurts and a dislocated finger. Prompt attention was given by a physician and Mr. Orr is now getting along pretty well, but as he is well advanced in years his recovery will probably be slow, though he hopes to be out in a couple of weeks.

Paul Banks Killed.
Paul H. Banks, a lawyer of Henderson, was thrown from a buggy in the streets of this city late Saturday evening and killed. Frank B. Dudley, who was driving with him, was also badly injured, but will recover. According to the newspaper accounts both young men were under the influence of liquor and were dashing through the streets at a break-neck speed, whipping the horse, until in turning a corner both of them were thrown out. Banks' neck was broken and he died in forty minutes. Dudley was knocked senseless and did not regain consciousness for several hours. Banks was a brother-in-law of E. G. Sebree, Jr., formerly of this city, and was 36 years of age. He was a lawyer of considerable prominence, in spite of his dissipated habits. Dudley was a mechanic, who lived in Sullivan, Ind.

Dr. Lillard Resigns.
The Dullin-Lillard contest has been stopped by the resignation of Dr. Lillard. Preparations had been made to begin taking depositions Tuesday, but early that morning Dr. Lillard went to the county judge's office and formally tendered his resignation, and declined to qualify upon the ground of illegibility. He has been in the State but 18 months, when the constitution requires a residence of two years. This ends the contest and Dr. Dullin, who was appointed until his successor should qualify, still holds over and will govern until next August. It is understood that Dr. Lillard will be the Republican candidate again in 1890, in order that both ends of the ticket may run for "vindication."

Venue Indicted.
Chief Campbell has received information that W. Venue, who has been indicted for horse stealing and is now in jail, is an old hand at the business. His real name is W. H. Vansardale and he is wanted in Allen county on a similar charge. His trial here is set for the 20th.

The young people had a dance in R. M. Anderson's hall on Sixth Street Tuesday evening, which was attended by about twenty couples. Mike's Italian band, which was in the city, furnished the music.

Services at the Baptist church hereafter will begin at 7:30 o'clock Sunday and Wednesday evenings. Rev. J. O. Rust will be with the congregation until Oct. 1st and will preach at every service from now until that time.

At the Sunday services at the colored Methodist church on the last \$116.40 was collected to cancel the unpaid balance on the church debt. The church is now about out of debt and in a very prosperous condition.
Dr. R. S. Wood and Mr. Jas. Medley are attending the Bowling Green fair this week. They took with them Mr. Medley's bay gelding, "Dr. W." to be entered in the three-year-old class, and the fine young bay mare, "Nora G." to trot in the 2:27 ring.
Ellis Whitlock, the colored constable of the Union school House district, was arrested this week on a warrant for breach of the peace, sworn out by his father-in-law, Strother Wallace. His trial was set for yesterday.

Dr. J. C. McDavitt, a graduate of the dental department of Vanderbilt University, is in the city looking for a location to practice his profession. Another dentist could, doubtless, find all the work he could do, as there are only three in the city, while there are a dozen or more doctors.
South Kentucky College opened Tuesday with 16 or 18 boarders in the college and 12 or 15 young men boarding in families in town. The number of pupils for the opening week is in excess of last year's opening, and Prof. Scooby is highly pleased at his prospects for the session.
Mr. Morris Cohen, of Marshallfield, Mo., who recently bought out N. B. Shyer, has arrived and taken possession of the stock. He will at once get ready for the fall trade. If Mr. Cohen advertises his business properly he will have no trouble in building up a good trade, as he has the advantage of a good stand.

The attendance at Bethel Female College is constantly increasing. The usual number of boarders will soon be in attendance and the applications for matriculation from a distance indicates an increase of patronage. The faculty this year is quite superior. Miss Crauk, of Charlottesville, Va., is happily endowed with excellent culture, fine executive skill and the rare ability to impart information so that it will be retained by the pupils. The other members of the faculty are well-known to the public. This old institute is still worthy of its past history, and receives the patronage of the best people in the South.

DEATHS.
An infant child of Harry C. Buckner, near Longview, died Tuesday and was brought to the city Wednesday for interment in the City Cemetery.

Bill Allen, col., drunk and disorderly, fined.

ASYLUM MATTERS.

THE BOARD OF COMMISSIONERS' REGULAR MEETING.

Bills Paid Amounting to \$7,700.
The Board of Commissioners of the Western Kentucky Lunatic Asylum held their regular meeting Tuesday. Commissioners Green, Jarrett, Plack and Petree were absent.
The expenditures for the month of August footed up about \$7,700. These accounts were allowed in the usual way. The Superintendent in his report explained that a number of liabilities had been incurred outside of the regular purchased supplies.
Among these was a machine for the laundry, which cost \$1,500; a fence for making picket fence, \$100; painting and other necessary repairs on the buildings \$1,000; new fencing on two sides of the garden, and an increased supply of coal, 4,000 bushels having been put into the coal house during the month. Dr. Stone also advised the Board that in order to meet the demands of the institution the number of attendants had been increased from 21 to 28.

DEATHS AND DISCHARGES.
The following report of the movement of population was submitted by the Superintendent for August:
Patients discharged restored.....2
Patients discharged improved.....2
Patients discharged unimproved.....1
Patients died.....3
Wm. Merriman, of Butler county, died of pulmonary consumption.
Jas. Toy, of Henderson, died of typhoid fever.
Vince Conn, col., of Logan county, died of pulmonary consumption.

FARM AND GARDEN PRODUCTS.
The Steward made the following report of the products of the Asylum garden for the month:
104 bushels potatoes worth.....\$ 63.40
14 " beets.....2.80
24 " butter beans.....16.80
35 " snap beans.....14.00
4 " onions.....3.00
233 " tomatoes.....186.40
48 " okra.....12.00
300 heads cabbage.....10.00
1985 cantaloupes.....99.25
46 dozen cucumbers.....4.60
537 " ears of corn.....57.70
83 " eggs.....6.64
20 chickens.....3.00
1788 gallons milk.....232.44
A good stream of water was struck in the well bored last month, and the supply will be tested this month.

MORE PROGRESS.
A Franchise Granted to an Electric Light and Railway Plant.
The only measure of importance that came before the council at its regular meeting Tuesday night was an application from N. S. Turner and others for a street railway and electric light franchise, to be operated in conjunction by a company of local capitalists. Two of the councilmen, Messrs. Radford and Campbell, were absent and after a free and exhaustive discussion of the matter, which was presided over by Mr. Turner and Mr. Feary, the latter representing the Thompson-Houston company, of Louisville, the subject was postponed until Wednesday night, to get a full meeting of the board.
At the Wednesday night meeting it was developed that Mr. Campbell was opposed to the grant and he made a strong effort to defeat the scheme. Mr. Feary was again present and explained the proposition to the minutest detail, which was an exceedingly fair and liberal one, but Mr. Campbell made a lengthy speech against it and finally voted against its passage, all of the other members voting aye.
Briefly stated the proposition is that the company will build five miles or more of railroad to run from the asylum to the driving park and from the cemetery to the south Main city limits. One mile is to be in operation in one year, two miles in two years and all streets not occupied in two years are to revert to the city. The company is to have a twenty-five year franchise from time of completion. The proposition goes into all details of charges, mode of operation, etc. The electric light plant is to be operated by the same machinery, which will cheapen both light and transit. The city's contract with the gas company runs till 1892, but the electric lights can be sold to private citizens. The contract entered into is a very lengthy one and all probable emergencies are covered. It is fair and liberal and we are glad to record one more step towards progress and advancement. Local capitalists are backing Mr. Turner who means business and the work will be begun as soon as possible.

The only way to cure fever and ague is either to neutralize the poison which causes the disease or to expel them from the system. Ayer's Ague Cure operates in both ways. It is a warranted specific for all forms of malarial disorders, and never fails to cure. Try it.

Why Sells Brothers And Barrett Succeeded.
There is as much difference between shows as there is between individuals. Take, for instance, Sells Brothers and Barrett's united shows. They are as superior to other contemporaneous exhibitions as Booth and Barrett are to a tramping set of barn-stormers; it towers above the average show as the Sierra Nevada range does above a miner's cabin; as the big trees of California above a hazel brush. This monster coalition travels in princely style, employing over a thousand people. Notwithstanding the enormous expense attending such a monster enterprise, the admission is no more than many of the small indifferent shows charge. Barrett's show alone has always been the peer of any of its rivals except Sells Brothers' great show, and both now are united and will exhibit as one at Hopkinsville on Wednesday Sept. 18th.

Get The Best!
I say to my brother farmers, with all candor, that I can furnish them with some of the best machines made. The FREEMAN & SON'S OAT CUTTERS and FARMERS' FRIEND WHEAT DRILLS are especially worthy of being examined. THE MOAVOY TWO-WHEEL ROAD CARTS are compactly built, and are equal if not superior to any made. I have used the above named machines, my neighbors have used them, and it is with no hesitation whatever that I invite all needing Cutters or Drills to call at J. F. Pyle's Grocery Store and look at those I am now handling, for they are just what a successful farmer wants.
